

MRS. JUAREZ, STROKE HERO, WITH DAUGHTER MARÍA

## 1982: SHE GAVE HER DAUGHTER LIFE. 2016: SHE SAVED IT.

Stroke turned María's world around. When she tried to call 9-1-1, it came out 1-1-9. So she phoned her mother instead who spotted the signs and called for an ambulance. Thanks to F.A.S.T. action and immediate treatment, María recovered, and her mom became a Stroke Hero.
